

**Ed Lee for

**36**

The first Republican to run for  
this seat in over a decade!

**GET RID OF DSA**

I regularly expose the  
exploitation of Democrats who  
have become millionaires by  
exploiting the taxpayers and the  
communities that they claim to  
care about!

Check the back of this  
card to see my formidable  
examples!

I took NYC's longest wrongfully incarcerated men and other activists from **around the world** to Kamala Harris's campaign HQ in NYC and exposed her refusal to address the most serious victims of injustice.

Here is a video of me and Madeline Brame, who spoke at the Republican National Convention, taking on Al Sharpton and the out of touch Democrat politicians.

I actually work with and serve the communities that the Democrats exploit with ruthless efficiency. DSA exploits the poor and those fighting for justice while simultaneously suppressing the voices of the affected. They encourage a culture of consumerism and dependency bolstered by an arrogance bred in academic ivory towers.

Fight for a future of **independence** and **liberty**.  
**Fight for the Republican party in Astoria and Long Island City.**
